LOCAL POULTRY ASSOCIATION ENTERS BIRDS AT STATE FAIR

Thirty-two Pure-Bred Fowls Will Represent Mason County at the Kentucky State Fair This Year—Local Coops Rented.

Mason county will be represented at Kentucky State Fair this year by thirty-two of the finest birds owned by the members of the Mason County Poultry Association. At a meeting of the Association held on Friday night, the entries were picked out and arrangements were made to send the fowls to Louisville for the biggest show in the state.

The officials of the State Fair were unable to procure suitable coops for the display of their fowls this year and as the Mason County Association was the only organization in the state equipped with the latest improved collapsible coops, the local organization was appealed to by the officers of the fair. At last night's meeting the local association agreed to rent their equipment to the State Fair Board for this poultry show.

So prominent has become the Mason County Poultry Association among the big fairs and shows of the state that it is more than likely that they will manage the poultry shows next year at both the Blue Grass and the Kentucky State Fairs.

Dick Davis Charged With Assault and Battery is Held for Grand Jury Investigation Under \$40,000 Bond.

The following from the Newport news in the Cincinnati Commercial-Tribune refers to a former Maysville man:

"Dick Davis, 34 years old, of 211 Broadway, Cincinnati, was bound over to the grand jury on a \$40,000 bond yesterday morning by Judge Matt Moore in Police Court. Davis is charged with assault and battery and highway robbery by John Gray, 50 years old, of Front and Monmouth streets. Gray it is alleged, was beaten up and robbed on Front street under the Central bridge on Sunday night.

"Following the holdup Gray was taken to Speers' hospital. He was brought here yesterday from the hospital to testify. Davis pleaded not guilty at yesterday morning's hearing.

"An effort on the part of his attorney, Frank Spitzelberger, to have his bond reduced failed."

NIECE OF LOCAL MAN STARS IN BIG PICTURE

The Star of "The Family Honor" Shown Here Today is Niece of Mr. Charles E. Dietrich.

Florence Vidor, the star of "The Family Honor," the big feature picture being shown at the Gem Theater today is a niece of Mr. Charles E. Dietrich, Maysville man. The picture was shown last night at the Washington Theater any everyone who saw it was more than pleased with the theme and the beautiful photography.

The scene is laid around an old-fashioned Southern homestead and the story has to do with three members of an aristocratic old Southern family, whose finances have run low. The oldest son, to whom the sister and her younger brother had looked for rescue from poverty turns out to be a gambler. Love and politics figure in the story and it is all set in the most beautiful of Southern scenery.

Miss Vidor has been doing some splendid work for the First National but she has never been seen in a picture to better advantage than in "The Family Honor."

BIG SHIPMENT OF LIQUOR IS SEIZED

Cincinnati Police Capture Truck Hauling 185 Cases of Liquor for New York.

A truck containing 185 cases of whisky, valued at about \$55,000, was turned over to government officers Saturday by the police of Cincinnati.

The liquor was found in a garage at 415 West Court street Friday night by Emmet Kirgatz, detective chief, and William Luhn and Fred Kemman, detectives.

Edward Menninger, of 1550 Donaldson place, driver of the truck, said he was hired at Sixth street and Central avenue by two strangers to transport the liquor to New York City. Menninger said the men took his machine, giving him \$5,000 security for its safe return. When they reappeared the truck was loaded with the liquor.

Menninger said he was assured the men had government permits for the transportation of the liquor. When he arrived in New York the men were to relieve Menninger of the truck until after the cargo was unloaded. Menninger said.

Prohibition agents are searching for the strangers. Menninger says he did not learn their names.

NEW SYSTEM MAY FURNISH TALENT FOR NEW CHAUTAUQUA

Representatives of Co-Operative Chautauquas Here to Present Plan to Local Committee for Next Year's Program in Maysville.

It may be that a new system will be adopted for next year's Maysville Chautauqua. The proposition will be presented to the managing committee of the Maysville Chautauqua at a meeting to be held today at the Chamber of Commerce building and at that meeting the whole matter will be threshed out completely and some understanding of the plan offered by the Co-operative Chautauquas Bureau will be reached.

A representative of this Co-Operative Bureau is in Maysville today and offers to add Maysville to their list of cities and towns. They offer a varied program of many numbers from which the committee is permitted to select its program and an arrangement is reached whereby the Bureau and the local committee are both relieved of the trouble of a guarantee such as has caused much trouble in the past few years.

While this same company furnishes talent for several smaller chautauquas in this section, it is understood that the Maysville committee can select different talent and because of the week's program will be enabled to have a much larger variety of talent than that offered the smaller towns in this section.

Maysville is recognized as one of the best chautauqua towns in this section of the country and it now appears that the talent bureaus are making a bid for next year's talent. In this manner, Maysville may be enabled to get a much better chautauqua than if they had signed a contract with the old company permitting them to select their own talent and fix their own prices.

It is not likely that a contract will be signed at once but the matter will be taken up and investigated thoroughly before any contract is signed for next year.

Mr. and Mrs. Irwin N. Lee, accompanied by Mr. and Mrs. D. C. Frazee, will be a party of motorists who will arrive here this afternoon for a short visit with the Misses Lee on Market street.

Misses Marie and Elizabeth Doggins, of Lexington, are visiting their cousin, Mrs. Wirtie Crockett, and family of Limestone street.

UTTERBACK HAS A BAD CRIMINAL RECORD

Cincinnati and Louisville Give Bad Record of One of the Men Held on Alleged Pocket Picking Charge

Chief of Police Harry A. Ort this morning received communications from detective departments of the cities of Cincinnati and Louisville in regard to Jesse Utterback, one of the colored men being held here on charges of picking pockets at the Germantown Fair.

The report from Cincinnati shows that Utterback has been engaged in several crooked stunts in the Queen City during the past few years and that on May 10, 1919, he was ordered out of the city when he was taken up by detectives on a charge of attempting to pick pockets. Utterback has served 18 months in the Greendale Reformatory for having driven an automobile over a man. He has also been convicted in Cincinnati on charges of grand larceny, assault and battery and disorderly conduct.

At Louisville a charge of attempt to rob is filed against Utterback.

Both of these departments have Utterback's Bertillon measurements with his picture posted in their Rogues' Gallery. The Cincinnati department says that both of the other colored men arrested with Utterback have a police court record but no charges are now on file against either of them.

SOLDIER BALL TEAM TO PLAY HERE NEXT SATURDAY-SUNDAY

Veterans of the First Division Will Play With Picked Team of Local Players on Next Saturday and Sunday.

The Leslie H. Arthur Post American Legion has completed arrangements with the expert ball club of the First Division, Camp Taylor, for two great ball games on next Saturday and Sunday afternoon. This visit of the World War Veterans' crack ball club will be made quite an event by the local Legion Post and arrangements are being made to have the Maysville Boys' Band furnish music.

It is said that the members of the soldiers' team are all big league timber and that they have been putting up some splendid games so that the Legion has made arrangements to give them a real ball club to go up against when they come to Maysville. No local ball club itself is considered strong enough to fight with the soldiers by themselves and they have procured the promise of what will be the strongest amateur ball club that could be gotten together to battle with the soldiers both Saturday and Sunday.

The members of the ball team are all comrades of Jimmy Brown and it is through his efforts that the team is being booked for Maysville.

ADINA HOLSTEINS ATTRACT ATTENTION.

The five head of Holsteins owned by the Adina Farms near Minerva, passed through Maysville this afternoon en route home from the Blue Grass Fair at Lexington where they had captured several valuable prizes. COAL FOR 150 YEARS.

There is comfort, though cold comfort it may be, in the announcement that there is plenty of coal—in the ground. At a recent convention of coal experts it was reported that the hard coal in this country will not give out for 150 years and the soft coal is virtually inexhaustible.

J. W. Paul, chief coal mining engineer of the United States Bureau of Mines, is quoted as saying that there is enough to supply the American people for 6,000 years. Few persons have any interest extending beyond that time. It is a period as long as the traditional age of the world. If the soft coal lasts as far into the future as from the present time back to Adam there is no need of worrying.

Some coal men may question these figures. They are not given as accurate, for there is no possibility of compounding the future population of the country and its fuel needs. But any one who has looked into the matter will grant that not even the remotest generation in which living men

and women can have any personal concern will lack fuel if any reasonable care is taken of the supply. The lignite deposits alone in Montana and North Dakota as yet hardly touched, amount to trillions of tons. That coal and its products will be found useful for countless generations when the accessible veins of anthracite and bituminous have run out. —St. Joseph Gazette.

READING BY CAMERA.

There seems to be no limit to the development of modern convenience. Now it is to be made possible for persons wishing to use public library reference books to make their notes and keep their records by the simple process of take a few snapshots. A camera with a special type of lenses has been invented for use in libraries. The reference reader need only turn to the pages he is interested in, then take the pictures. He will therefore avoid elaborate tracing of drawings or designs, copying of statistics of quotations and long hours of reading in the library.

His finished pictures he can put directly into his notebook, studying them at his own pleasure instead of within library hours.

To the ordinary reader this method presents some slight difficulties. The high cost of developing and printing is one of them. Another lies in the temptation to and danger of getting a great deal more material than one really needs and so cluttering up one's notebook or desk.

In the small library however there would be one great danger. It would shorten an individual's use of certain reference volumes, making them available to more readers in a given time.

GOOD HEALTH HINTS

Oklahoma Farmer Gives Sound Advice on Avoiding Sickness.—Used Black-Draught 30 Years.

Cameron, Okla.—"I have used Theodor's Black-Draught for about thirty years, and certainly ought to know by this time what a good medicine it is," says Mr. T. L. Bostler, a well-known farmer of this place. Mr. Bostler has passed his three-score-and-tenth year, but declares his health still is good, "and I can say Black-Draught did its part."

"Where there is a lot of malaria, a liver medicine is a necessity, and I have never found one better than Black-Draught," continues the Oklahoman. "It is one that I know to be reliable. I sure use it for the liver, stomach, constipation, indigestion, and it has done me a world of good. We use it for the family, and it gives satisfaction."

"Most trouble, or sickness, comes from the liver, and if taken in time can be avoided. That is why I use Black-Draught as I do. I am much pleased with results obtained."

Theodor's Black-Draught is purely vegetable. It acts on the bowels, gently stimulating the liver, and helps increase the normal flow of bile into the intestines. It assists in the digestion of food, and relieves constipation in a prompt and natural way.

Ask your druggist for a package today. Insist on Theodor's. NC-139

GIRAFFES IN AMERICA.

There are but twelve giraffes in this country—eight with circuses and four others in the zoos of New York and Philadelphia. Four of the twelve were raised by a Belgian named Andrew, in the employ of a circus, who used to be a hunter in Africa. He has made pets of them all, and Mary, who is almost nineteen feet high, responds instantly to his call and is delighted to eat sugar from his hand.

PECULIAR PENALTY FOR THE MURDER OF HIS OWN FATHER

Ohio Boy Must Spend Three Days on Each Anniversary of His Crime
In Solitary Confinement Contemplating.

Hillsboro, Ohio, Sept. 3. — Russell Gotherman, charged with murder in the first degree for killing his father, entered a plea of guilty to murder in the second degree Monday morning. He was sentenced to imprisonment for his natural life in the Ohio penitentiary by Judge McBride. Judge McBride placed an unusual condition in the sentence. On each year at the anniversary of the terrible crime for three days and four nights Gotherman is to be placed in solitary confinement. The crime was committed on December 1, 1919. On November 29th of each year at 3 p. m. Gotherman is to be placed in solitary confinement and kept there until December 3, at 9 a. m. The Judge recommended that he spend his time in meditation on his crime and urged that he repent his awful sin and pray for forgiveness.

The crime to which Russell Gotherman pleaded guilty is one of the most brutal and inhuman in the history of this county. His father, James Gotherman, was a wealthy farmer of the East Danville neighborhood. He was a recluse and very peculiar. He had been confined at one time in the state asylum for the insane and had hallucinations that people were trying to kill him and rob him. He thought once that his well had been poisoned and built an enclosure around it and kept the door to it locked. He carried a revolver strapped around his waist. He was divorced from his wife, who with their two sons lived near Wilmington.

The first of last March the body of Gotherman was found dead in his bed at his home near East Danville. He had not been seen since the Thanksgiving before. It was thought that he was visiting relatives in Illinois. An examination of the body showed a bullet hole through the center of the forehead and that he had been dead for months. The body which was covered with bed clothes was frozen.

It was a great surprise when Russell Gotherman was arrested in Dayton a few weeks ago and the missing bonds, amounting to \$17,400 found on him. At that time he confessed to killing his father but claimed that it was done in self-defense during a quarrel. He gave no satisfactory explanation as to why he took the bonds.

WOMEN SHOULD TAKE WARNING

If the statement made at a New York Assembly of women, that healthy American women are so rare that they are almost extinct, is true, it is time for the women of America to take warning and look to their health. It may be headaches, backaches, dragging down pains, nervousness, mental depression that are tell-tale symptoms of some organic derangement for which Lydia E. Pinkham's Vegetable Compound—a simple remedy made from roots and herbs—is a specific and may be relied upon to restore women to a healthy normal condition.

BIG LABOR DAY PROGRAM ANNOUNCED.

The world-famous handcuff king, illusionist and master of magic in stunts more thrilling than he has performed on the stage will be seen at the Washington Theater Labor Day. More thrills in six reels than there are in six serial pictures. Story by Arthur B. Reeve, author of the "Craig Kennedy" series, and John W. Gray. Walter Woods adapted it to the screen. Irvin Willat, director of "Behind the Door," and "Below the Surface," directed. Ann Forrest is the leading woman, and the cast includes, besides Houdini, Thomas Jefferson, Tully Marshall and Augustus Phillips. Chock full of thrills, the biggest being a real accident in mid-air in which the machine from which Houdini is hanging by a rope crashes into another plane and they swoop two thousand feet down to earth together. And the camera caught every foot of it. Other thrills: Houdini escaped from every known kind of handcuff, hangs head downward from a flagpole on the roof of an eight-story building and gets out of a straight jacket, rolls under a truck going at twenty miles an hour and catches on the connecting rods and fights a couple of slashing fist battles. In addition Fatty Arbuckle will be seen in "Back Stage."

COOL WAVE COMING.

A cool wave, which is sweeping across the country, caused light frosts in Northwestern States and a temperature of 50 degrees in Cincinnati district yesterday. This is one of the lowest temperatures on record so early in September. Weather Forecaster Devereaux says today will be fair, with moderate temperature.

ANOTHER FISH STORY COMES FROM OHIO

Charm Lost Several Years Ago By River Man Found In Fish In Indiana.

Batavia, Ohio. — County Auditor H. C. Reed received a letter on Monday of this week from Cannelton, Indiana, in which was returned to the Auditor his Masonic charm. The letter writer said that the charm was taken from the stomach of a large catfish which he caught a few days ago.

The charm is of German silver and bears the name and address of Mr. Reed, was dated in 1911. Mr. Reed stated that when the charm was lost he was employed on the steamer Greenland. He was helping unload some freight at Huntington, W. Va., when the key ring containing several keys and the charm was torn from his belt and dropped into the river. It is evident that the fish, swimming near at that time, swallowed the keys and all. Mr. Reed is of the opinion that the keys rusted away while in the stomach of the fish, but the lodge charm, being of silver, was preserved during these nine years.

A very interesting letter accompanied the charm from the fisherman who "pulled in" the three-pound catfish which carried the prize.

Mr. and Mrs. D. H. Harrison and son are spending the day in Cincinnati.

COLORED CITIZENS.

Mrs. Nancy Hardy, of Pittsburgh, Pa., is visiting her sisters Mrs. Annie Whales and Mrs. Laura Hinton.

There will be a supper given at the Bethel Baptist church tonight, for the benefit of the pastor's trip to the National Baptist convention. Everybody is invited to come.

Scott M. E. Church.

The pastor and members of the above church wish to express their appreciation to the editor of the Public Ledger for giving us such a noble writeup during our recent District Conference.

We are here working for the good of the great Commonwealth of which we are a part, and shall try not to fall short of your high expectation for service, and the bringing in of the kingdom of God. This applies to our members and friends also.

KENTUCKY COAL MEN APPEAL TO PRESIDENT

Kentucky Coal Operators Ask That Attorney Slatery's Investigation Be Discontinued.

Washington, September 3. — Representatives of 75 Eastern Kentucky coal operators, among them E. L. Douglas, Cincinnati, are in Washington to endeavor to have the President authorize Attorney-General Mitchell Palmer to fix a price on coal mined in Eastern Kentucky. They are seeking also to have the Attorney-General postpone the investigation of alleged profiteering in coal until action has been taken by the Supreme Court of the United States on the constitutionality of the Lever act.

The committee today called at the offices of the Attorney-General and the Interstate Commerce Commission. They requested the Attorney-General to discontinue the investigation begun by Thomas D. Slatery, Covington, United States District Attorney for the Eastern District of Kentucky, on the ground that, since there is no fixed price for coal, it is not possible for them to determine what the uniform price should be. It is understood the Department of Justice will not accede to their request.

Members of the committee said today they would renew their efforts to have the Government fix a price on coal mined in Eastern Kentucky.
